Noida International Airport, also known as Jewar Airport, is a greenfield international airport being constructed near Jewar in Gautam Buddha Nagar district, Uttar Pradesh, India. It is set to become a major aviation hub serving the National Capital Region (NCR).

PM Modi laid the foundation stone for Noida International Airport on November 25, 2021.

Film City

15 Minutes Away

FILM CITY

Near Noida International Airport
15 Minutes Away

- The proposed UP Film City is only 4 KM away from the upcoming Noida International Airport.
- Location: Sec-21 of Yamuna Expressway - YEIDA region.
- Area: 1000 Acres.
- Facilities: Pre-production infrastructure, and post-processing labs, VFX and digital technology.
- Amenities: Star Hotels, Resorts, Cinemas and Parks.
- Land use: 780 Acres for industrial purpose and 220 Acres for commercial purpose.

Medical Device Park

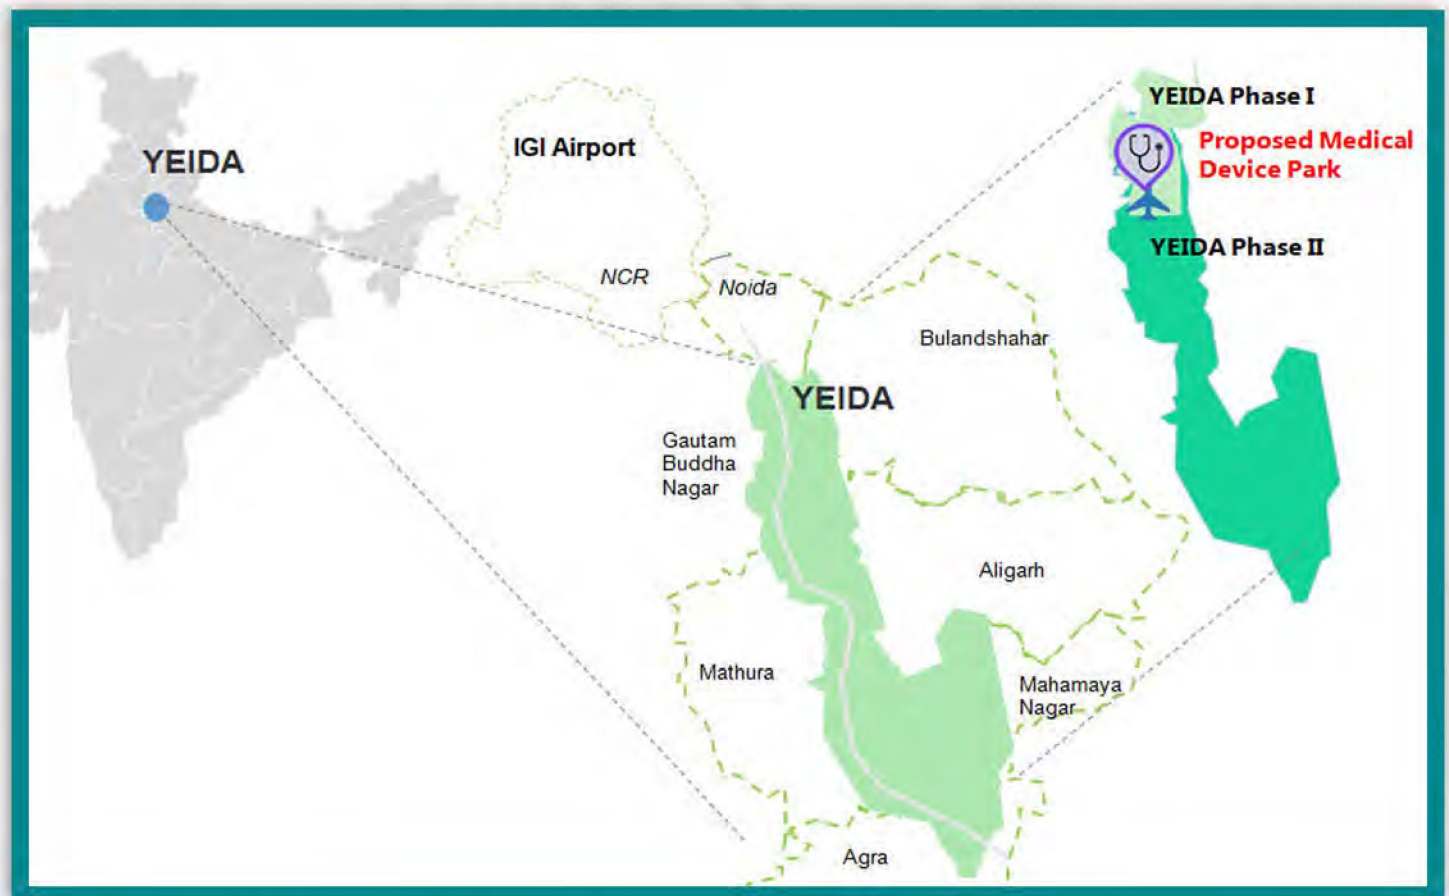

12 Minutes Away

The Government of Uttar Pradesh ("GoUP") has envisaged development of a Medical Device Park at Sector 28, YEIDA. Recognizing the growth potential of the healthcare market in India, the government has launched initiatives such as Make in India campaign, special incentives for setting-up manufacturing plants at medical device parks, and fast clearance and approvals, to promote the conducive investment environment and boost FDI in medical devices through greenfield, brownfield, and strategic entry options.

This park will be North India's first dedicated medical device park, which will be spread over 350 acres. Under the banner of the Uttar Pradesh Medical Device Park, the park is conceptualized to address to the key concerns of Indian manufacturers which primarily include access to cost effective testing and scientific facilities.

Target Segments

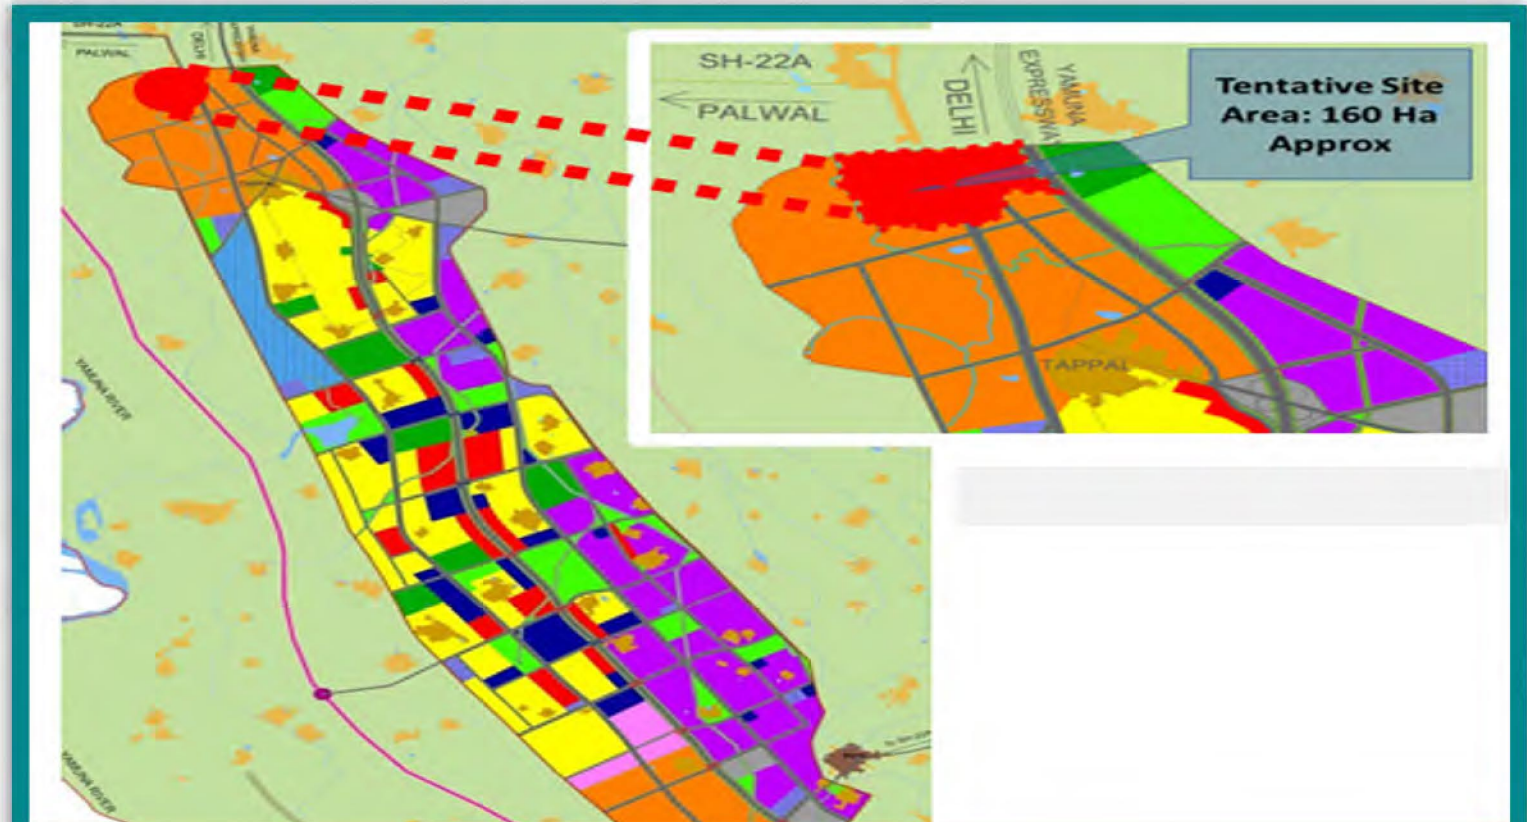

Cancer care / Radiotherapy medical devices
Radiology & Imaging medical devices
Anaesthetics & Cardio respiratory
Renal Care medical devices
Nuclear Imaging devices
Implantable electronic devices

Logistics Hub

5 Minutes Away

The Yamuna Expressway Industrial Development Authority has proposed to develop a Multimodal Logistics Park (MMLP) facility at Tappal Bajna located within YEIDA. This is with the objective to optimize the present potential, enhance investment climate and promote the economic development of the area with major thrust on industrial activities. The MMLP shall provide excellent transport links via rail and road, custom clearance facilities, single-window services, and value-added services. Given the freight profile and upcoming industrial development potential of the proposed site, the MMLP is expected to have potential to develop as a storage and warehousing hub.
